NORTON

31 Hp
Ø 700mm
660kg
Diesel

Floor Saw ▶ CK31

The Clipper CK31 is a professional saw for deep cutting. Its high production capacity, compact size and ease of handling make it the ideal machine for all types of concrete and asphalt sawing.

Floor Saw ▶ CK31

Features	Benefits
Powered by 2 cylinder Diesel engine	High production capacity
Simple transmission belts tensioner setting	Easy belts tension setting
Left or right side blade and front pointer mounting	Increase machine configurations to adapt to working environment
Standard configuration including hour meter, flexible rear pointer, ergonomic handles and parking brake	User friendly
Hydrostatic variable self propulsion system with mechanical clutch and fine feed mechanism	Better control increasing blade lifetime
Adjustable rear machine axle	Adapt machine path
Large diameter wheels	Maximum ground clearance and easy manoeuvring
Integrated lifting hook	Easy loading and transportation

Technical data

Model

CK31	23kW (31 HP)
Diesel motor	DEUTZ 2 cylinders F2L2011

Dimensions / Weight

Length	1430 mm
Width	820 mm
Height	1280 mm
Weight	660 kg

Characteristics

Max. blade diam.	Ø 700 mm
Blade shaft diam.	25,4 mm
Max. depth of cut	280 mm
Water tank capacity	30 L
Tool speed RPM	1550 min ⁻¹
Starter	Electric
Raise and lower	Electro-hydraulic
Propelling	Automatic
Sound pressure	100 dB(A)
Sound power	114 dB(A)

Comprehensive control panel and easy reach of operator.

Flexible rear pointer.

Easy access for blade changing.

Ergonomical handles.
